RE: MUR 4891

I am responding to the enclosed letter regarding a claim from Carolyn Machado. I have been out of town and unable to contact Mrs. Alby. After contacting Mrs. Alby and discussing the amount billed she indicated that many requests for a documented statement have been made and the only thing received was a net statement. At this time we are again requesting an itemized billing showing something other than just a total owed. If we can get an itemized billing to review we would be glad to discuss the payment.

This billing and the time period occurred prior to my becoming treasurer and I am trying to obtain information from the previous treasurer regarding the original billing.

Sincerely,

Beler Watts, Jr.
Treasurer

Enclosures
